Subject: Supply of pipes and auxiliary parts

This is to certify that M/s Pratibha Pipes & Structural Pvt. Ltd. at 136/137 Vashi Plaza, Plot No.80/81, Sector 17,Vashi, Navi Mumbai-400 703, Maharashtra, INDIA, have manufactured and supplied us with mild steel flanged pipes and auxiliaries.

Within 4.5 months from the date of the letter of intent they have supplied us in Paradip East-India from their factory in district Thane West-India with;

750 nos. of mild steel flanged pipes, inside diameter 900mm, wallthickness 18mm and pipelength of 12000 mm.

50 nos. mild steel flanged pipes with inside diameter 900mm, wallthickness 18mm and of various pipelength, not exceeding 12000mm

100 nos. loose flanges of mild steel with inside diameter 900mm and flange thickness varying from 37mm to 50mm with 28 holes.

30 nos. auxiliary pieces of various shape and design.

The quality of the pipes and parts as delivered was good and within the contractual specifications. Because of the workmanship and positive attitude of the staff of M/s Pratibha Pipes and Structural it was a pleasure to have them as, what has proven to be a reliable supplier who could meet the tight targets set.

Herman van der Vorm

Project Manager.
